

Learner of the Week – 15th March 2024

Butterflies

Owen – He always tries and tries till he succeeds and is a resilient problem solver, especially in building things for ducks!

Ladybirds

Joshua L – He used his incredible understanding and knowledge of dinosaurs to explain the adaptations of our ducklings.

Squirrels

Marjone – She is always putting her hand up to engage in our science lessons and she really enjoys investigating different scientific ideas.

Hedgehogs

Benjamin – He is very resourceful and is determined to solve problems.

Owls

Wilf – This week Wilf has been so engaged and curious in our Science where we have been doing a seed experiment. He has thought really carefully about what helps seeds grow.

Robins

Monte – He has been very engaged with finding out the best conditions for seeds to grow in. He has checked on the seeds daily and reported any changes.
