Dear Sir/Madam,

**A326 & Marchwood Bypass Full Road Closure up to Staplewood Lane Junction  
Planned Night-time Works  
Marchwood Bypass & Rushington Roundabout Improvements Scheme**

I am writing to let you know that Hampshire County Council's contractor Knights Brown will be commencing night-time works to resurface the road along the A326 Marchwood Bypass. There will be a lane 2 closure on the A326 from Cocklydown Lane roundabout and a full closure of the A326 in advance of the slip road to Staplewood Lane junction. The A326 slip road will remain open for vehicles wishing to join the A35 towards Rushington Roundabout.

Overnight closures will start on Monday 15 April 2024 to Friday 24 May 2024. Monday to Friday, permitted working hours between 7pm to 6am, with the road re-opening the following morning. There will be no works taking place at the weekends.

The works are being undertaken at night to minimise disruption to daytime traffic, as well as ensuring the safety of road users and the workforce.

From Hounslow Business Park on Bulls Copse Road, there will be a right-turn ban onto the A326. Signed diversion routes will be in place for all vehicles. Please see the diversion route plans on the reverse of this letter.

Emergency vehicle access to properties will be maintained at all times during the closures.

The works are weather dependent and may need to be re-arranged at short notice in the event of adverse weather. Should this happen, the scheme webpage will be updated to advise of the revised dates.

Due to the nature of the construction works there will be noisy activity at times, however every effort will be made to minimise disturbance caused by the works wherever possible. We will endeavour to complete the noisier activities earlier in the evening.

Please email any enquiries regarding these works to: [capital.delivery@hants.gov.uk](mailto:capital.delivery@hants.gov.uk), with the subject line clearly marked, '**TCF Marchwood Bypass Bus Priority Improvements**'.

Further information about the scheme together with any updates about the planned timescales or traffic management arrangements are available at the County Council web pages at; <https://bit.ly/marchwood-bypass-bus-priority-improvements>

Alternatively, please scan the QR code to access the scheme web page;

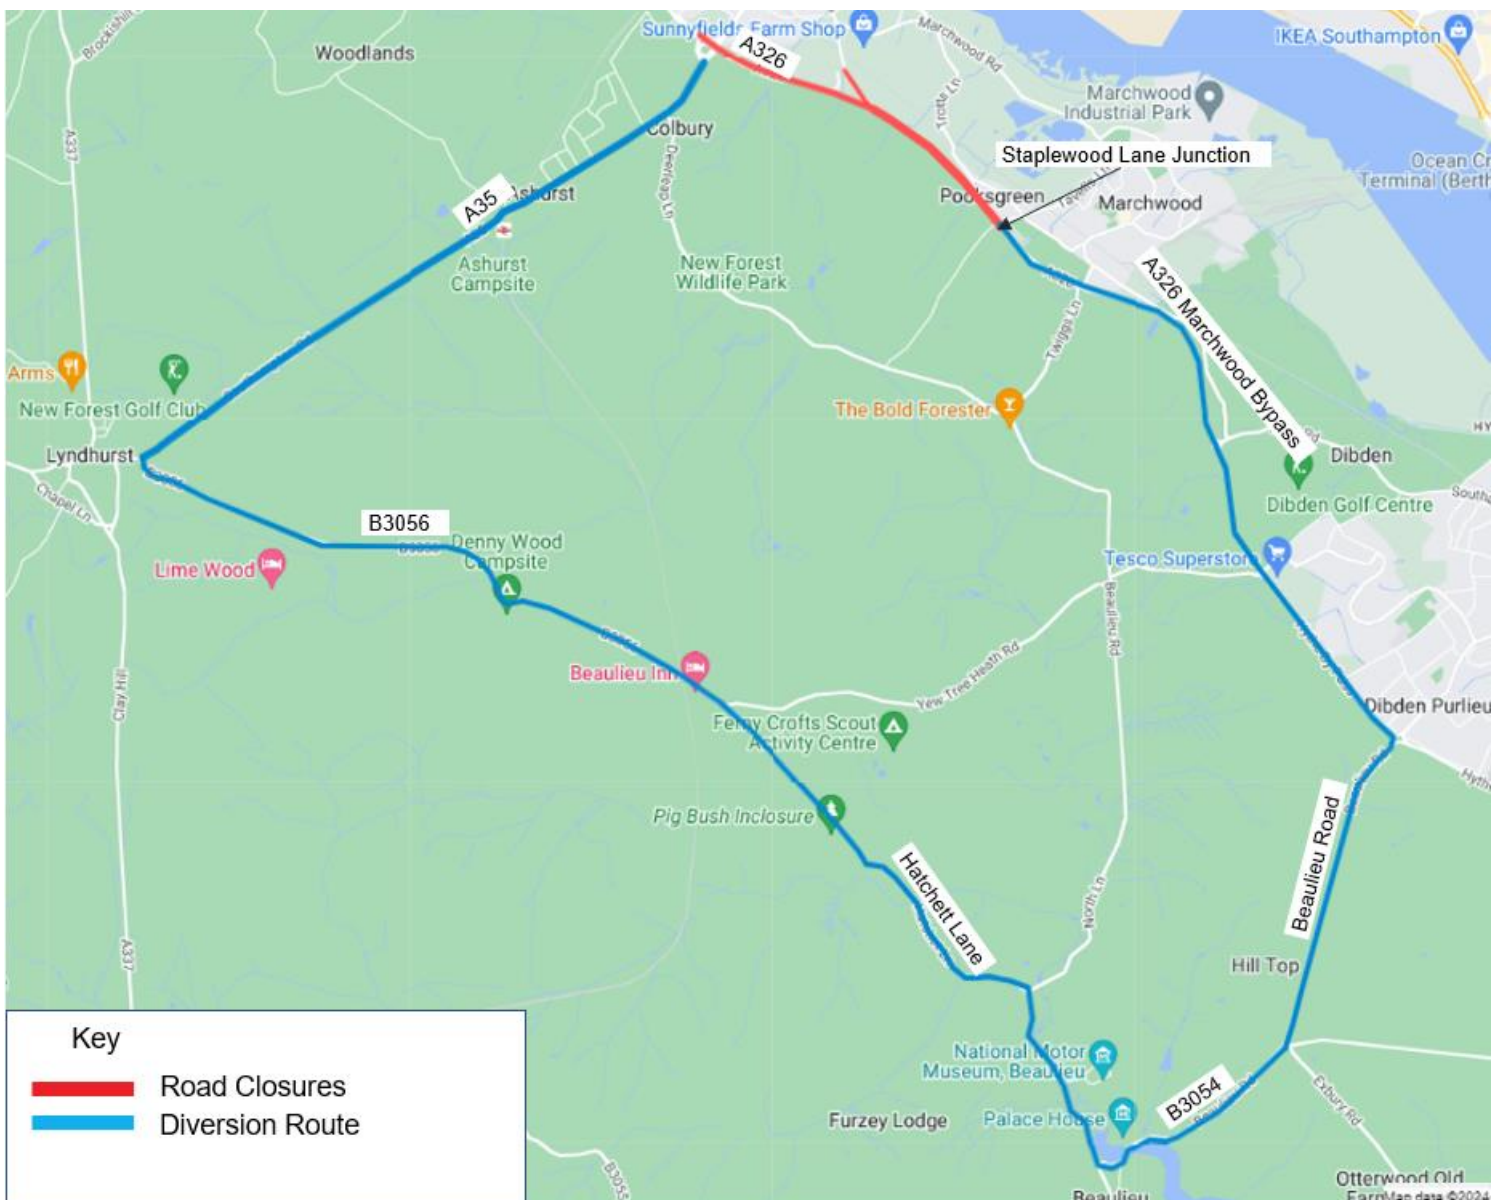

Yours sincerely
